Re: Grievances Ignored About Ban on Legal
Publications Prison Legal News, ~~Prison Legal News~~,
National Lawyers Guild-Peace Project

Dear Sheriff Valdez:

As you are obviously
aware by now, I am being arbitrarily depri-
ved my rights to legal publications essential to
my access to the courts. Your tacit approval
or knowing acquiescence in these unconstitu-
tional policies and practices make you no
better than the "criminals" you claim you
are "protecting" the community from. If prisoners
are even expected to leave this jail with a commit-
ment to lawful behavior then you and your staff
by example must be law abiding "at all times"
and not just when it serves your political inter-
est to do so. I use these publications in
pursuing my civil rights to vindicate my rights.
I need my PLN, ~~Prison Legal News~~, & NLG's each month
or else provide me written notice of your rejection
and the basis for such.

Thank you
